

THE TRUTH ABOUT BACK PAIN

264

MILLION

that's the # of missed work days annually in the U.S. due to pack pain

WORLD WIDE

back pain is the single leading cause of disability

That's two

2

workdays for every full time worker.

▶ APPROX 8 IN 10 WILL EXPERIENCE BACK PAIN

LOW BACK PAIN

costs the U.S. more than \$50B in health care. Add lost wages, and productivity, upwards of \$100B

Most causes are mechanical, not serious conditions like inflammatory arthritis. Poor posture and lack of support are significant contributors. We can help with that.
