## 3. PRODUCT DESCRIPTION

USES: StegoCrawl Term Bar is a semi-flexible plastic termination bar used for mechanically securing StegoCrawl® Wrap Vapor Barrier or other materials to concrete, masonry, or wood.

COMPOSITION: StegoCrawl Term Bar is made from post-industrial recycled PVC.

### FEATURES AND BENEFITS:

- Bar Size: 42" x 1.125"
- White color complements the white StegoCrawl encapsulation system
- Creates a pocket/lip for a bead of caulk to be used
- Pre-drilled holes every 6" facilitate easy installation
- Easy to trim to desired length
- Made in the USA

## 5. INSTALLATION

**CRAWL SPACE:** Apply concrete screw anchors or concrete nails/washers through the pre-drilled holes that are provided every 6 inches to secure the termination bar and StegoCrawl Wrap Vapor Barrier to the wall, as needed. If the beveled edge of is facing the wall, a pocket/lip is created for mastic/sealant to be used if required. Please note that a powder-actuated nail gun with a higher power load may cause term bars to break, please use proper loads. It is also recommended to use concrete nails with washers.

To cut StegoCrawl Term Bar, score with a utility knife or wire snips. StegoCrawl Term Bar can be bent back and forth and then broken at desired locations as well.

StegoCrawl Term Bar is flexible enough to bend around corners and contours in the wall for easy installation.

For additional information, please refer to StegoCrawl's complete installation instructions.

## 6. AVAILABILITY & COST
